Remarrying Couples is a seminar for couples who are seriously considering another marriage. The preparation for this marriage is even more important than that for the first marriage, whether that marriage ended by death or divorce. This preparation will fulfill the educational component of the current marriage preparation requirements effective in the Diocese of Phoenix. All couples participating in this program should be working with their parish priest or other minister to fulfill all other requirements prior to marriage.

Topics include:

**communication • conflict • step-parenting
• spirituality • finances • sexuality**

Judith McHale, MA, LPC, is Director of the Counseling Ministry at the Franciscan Renewal Center. She is in private practice specializing in individual and group therapy, relationship counseling, and family of origin issues.

Tom Mitchell, PhD, received his Doctorate in Clinical Psychology from Union Institute and University, and his Masters of Counseling from Arizona State University. He is a clinical psychologist, Franciscan Renewal Center volunteer counselor and support group leader.
