

Your Alternative To Public Transportation

www.azcta.com

Van Pool Service

Your ride to and from work or school everyday

If you commute more than forty miles round trip per day, your average cost for gas is \$320 per month. CTA will help lower your gas costs, maintenance, and insurance while improving travel time and air quality.

CTA is a private van service established to reduce the costs associated with daily commuting and provide you with alternative public transportation.

Passengers can expect:

1. A safe and reliable roundtrip commute to and from work or school everyday.
2. To be picked up from home or a convenient Park & Ride location.
3. Arrive to work 15 minutes before time.
4. To pay a monthly fare based on daily roundtrip miles (RT).
5. Employees should plan to schedule their route in advance by completing the trip planner online at azcta.com.
6. To ride in vans that comfortably seat fifteen passengers.
7. Service to Phoenix and 14 surrounding cities for all shifts six days per week.

How to get started?

Plan ahead by going online to complete the "Trip Planner." Visit www.azcta.com or call **623.536.5437** for more information.

Customer Testimonials...

Patricia Tafoya, Penske Automotive, I want to save gas and the wear and tear on my car. It is convenient, no fighting the traffic.

Wardell Hooks, All Staff Services, I have no other form of transportation. There are no buses that run for my work hours.

Cory Douglas, Veterans Administration, we are a one car household. It makes it convenient for my spouse and I to commute to and from work everyday.
